

## **Children's Medicaid / Children's Health Insurance Program (CHIP)**

Texas families with uninsured children may be eligible for health insurance through Children's Medicaid and CHIP (Children's Health Insurance Program). Both programs provide a wide range of benefits, including regular check-ups, immunizations, prescription drug/vision and dental care to keep kids under age 19 healthy. Children may be eligible for health care at NO or Low cost by applying for CHIP/Children's Medicaid.

Children under age 19 may be eligible for Children's Health Insurance program if they meet the following:

- Live with parents, relative, non-relatives or alone
- Are Texas Residents
- Are U.S. Citizens or non-citizens with valid proof of immigration status

**Call our hotline 832-369-9390 for application assistance.**
